## Northrup, King & Co.'s Complete LAWN SEED SERVICE

This firm has specialized in grass seeds and in lawn seed mixtures for sixty years. For home lawns, for athletic fields, for institution grounds we can supply the proper seed for the particular requirement. Local dealers over most of the country can supply this line.

### STERLING LAWN SEED

This is our finest lawn seed mixture and we believe there is none better for all-purpose use. It is composed of hardy perennial grasses which thrive together and produce a permanent lawn of fine texture and beauty. One pound sows about 250 square feet.

## GARDEN SEED

**Tested Three Ways**

**While Growing - In Gardens - In the Laboratory**

Northrup, King & Co. are extensive growers of the staple varieties of garden seeds, with operations extending into several states - mostly in the West where climate, soil and moisture combine to produce high germinating, vigorous seed.

This firm deals in only one quality of garden seed - the best it can produce - whether sold in bulk or in packets.

Seeds**

Dependable Quality Since 1884

Since 1922 Northrup, King & Co. have been carrying on extensive inbreeding and cross breeding of corn - both on field varieties and on table sweet corn. To indicate their hybrid creations, they coined the name "KINGSCROST" which covers several field varieties and several varieties of sweet corn.

Since 1884 Northrup, King & Co. have been specialists in lawn seed use. Their finest quality mixture offered the trade is "STERLING", in bags and in cartons. It produces a permanent and beautiful turf of fine texture. Large stocks of individual varieties also carried.
